

SEGREGATION TO BE UNDERTAKEN MYER REVEALS PROBABLE MOVING DATE

Segregation, on the basis of national loyalty or sympathy, will be undertaken by the WRA early in September. Plans, under consideration for some time and now virtually complete, were announced by Director Dillon S. Myer July 7, in hearings before the Costello Sub-Committee of the House Committee on Un-

American Activities. They are in accord with the will of the Senate, which on July 3 passed a resolution asking the President to instruct WRA to "Segregate those evacuees whose loyalty to the United States is questionable, or who are known to be disloyal, from those whose loyalty has been established."

Myer announced that one center, to be named later, will be designated to accommodate all persons not eligible for leave. The movement of evacuees, in which the War Department will cooperate, is expected to begin about September 1.

Others to be segregated will include those having unfavorable records with intelligence agencies or with the War Relocation Authority, and those whose answers to the loyalty question during registration raise doubt as to their loyalty to the United States. Individual hearings will be given for doubtful cases to make certain that selections for segregation are justly determined.

After segregation has been completed, residents of the segregation center in general will not be eligible for indefinite leave and all residents of the other centers will be eligible. A special appeals procedure will be available for residents of the segregation center.

Myer explained that segregation will be undertaken because it should promote harmony in the relocation centers and facilitate the program of outside relocation for loyal American citizens and law-abiding aliens among the evacuees.

Johnston promised further details would be made public as soon as they are

MURAL BY TWO ROHWER LADS GAINS HONOR

Accepted by a national YWA magazine for a cover design on its September issue is the 9 by 15-foot mural painted by two Rohwer students, Sam Ichiba and Kik Toyofuku.

The mural was originally drawn for the national YWA girls' camp at Ridgecrest, N.C., where this summer 800 girls from all parts of the United States met. Depicting "the world of today," the painting stresses friendship of all nations.

The magazine "Window of YWA" is a monthly publication of the Baptist Church with editorial offices in Birmingham, Ala. In the September edition, along with the cover design, will be biographical sketches of these two art students and also a story on relocation center life.

REDUCTION OF WORKERS

The necessary reduction of Project workers is being worked out by joint meetings of the administrative heads and the committee on labor problems appointed by the Community Council.

Present requirements call for reduction to 2800 workers by September 31. By next week 30 per cent of this amount will be met as necessary notices have been sent out to all divisions,

TRAVEL GRANTS

Payment of travel and assistance grants for those relocating will be resumed immediately.

The receipt of the approved appropriations made this possible.

RECRUITING MEN LEAVES CENTER

Lt. Col. Karl T. Gould and Tech. Sgt. Ryuichi Shinoda left for Jerome Thursday afternoon to continue the recruiting of men for the MIS school there.

"All Camp Shelby volunteers who have not received notices to report there can transfer to Camp Savage by calling me at Jerome today or by writing to Lt. Rusch, MIS Language School, Camp Savage, Minn.," stated Col. Gould.

"Other men who desire to volunteer may contact me or write to the school," he added.

Sgt. Shinoda, formerly of Dinuba, Calif.; said that language requirements have been lowered in some cases.

WORKER INJURED

Bob Arakawa of Block 34 was seriously injured Tuesday evening at the carpenter shop in Warehouse 19. He is from Stockton, Calif.

While cutting a piece of lumber, Arakawa's fingers caught in the blades of the power saw.

He was immediately taken to the Center hospital

where he was placed under the care of Drs. Hajime Kanagawa and Wallace T. Nagata. The patient's thumb and every finger on the left hand except the little finger were injured.

Arakawa is now resting in Ward 8 of the hospital and he is the ninth case from the shop.

CAMP SHELBY NINE

Keen disappointment was felt by many of the local baseball fans when it was disclosed that the proposed game with Camp Shelby was shelved because of the high expenses asked by the soldier nine.

The local population would like to see an outside team with class play the local All-star team and that 100th Battalion of Camp Shelby has it and more. They have the services of four Asahi players, and who are the Asahi's you may ask?

Well, the Asahi's in Hawaii are as the Yanks are in the major leagues. One of the strongest semi-pro teams on the Island, they have the pick of the crop among Japanese players.

The Asahi's won the Island Championship of 1941 and to win the Island title is a feat in itself as there are some pretty fair ball teams on the Islands. To sum it up, if you're on the Asahi roster, you're tops.

Getting back to the subject, the Camp Shelby Hawaiian nine played a three-game series in Jerome recently, losing two-out-of-three. Though details on how Jerome collected the huge amount is not known by yours truly, if they can do it, so can we. Anybody got any ideas as to how we can raise about two-hundred and fifty bucks?

THREE STARS TANGLE WITH YAMATOS TODAY

Lodi Meets Dodgers Sunday

Battling for second place, the Stockton Yamatos and the Three Stars meet this afternoon at the Junior high diamond.

Tumbling down from first to third after last week's defeat by the Lodi Templars, the Three Star nine must win today's game in order to stay in the race.

The powerful Yamatos, already holding a win over the Three Stars in a previous league tilt, must emerge victorious to keep up with the hot Lodi team.

The heavy-hitting Stockton nine will have Archie

Miyamoto on the rubber while the "san-bon" Stars will have either Juli Mishimoto or Kanji Omokawa taking the pitching chores.

The league-leading Templars, enjoying a three-game winning streak, will face the cellar-dwelling Dodgers tomorrow afternoon on the same diamond.

The Dodgers are about due for a win and if old lady luck, who has been avoiding them, comes through, the youthful nine can pull an upset and put the league race in a turmoil.

The light-hitting Templars will again depend on the sturdy hurling arm of Will Kagawa. Either Joey Noma or southpaw Hick Yasutake, both preptwirlers, will be on the mound for the Dodgers.

JUVENILE PROBLEMS

Juvenile problems showed signs of fruition last week with the development of two matters of vital importance which caused some concern to the Center Council and the Project officials.

The first was the minor fracas involving a Boy scout and several young boys over some misunderstanding at the talent show. The case was taken in review by the judiciary division of the Council and satisfactorily settled with the reprimanding of the boys involved.

The second case, however, bore all the trademarks of greater consequence. It involved the actions of some juveniles who took the liberty of going out to the farms on the trucks to swim without permission.

These boys indulged in the activity of swimming au naturel in the stream bordering the farm. This action itself did not prove to be the crux of the problem. The trouble lay in the fact that the boys were thoughtless enough to peel off their clothes in front of homes of Caucasian ranchers who resided along the banks.

For these acts of indecency, some of the Caucasians cautioned the boys, saying that they should at least respect the sanctity of their families and undress in more secluded spots. It is reported that the boys resorted to jeering and making indecent gestures to these men.

Last week, the juveniles were again engaged in their water sports without taking heed of the repeated warnings issued by the canal residents. The result was the discharging of a shotgun over the heads of the youths. Stringent restrictions of traffic to the farms laid down this week is entirely due to the thoughtless actions of the few boys who did not have the sense of respect for the privacy of the homes of the Bayou people, and they should be aware that any future inroads into the sanctity of the canal people would be detrimental to their own welfare as well as to the Project.

The above two cases bring to head the question of how we can provide an outlet to these youth so that they will not deviate from pursuing more worthy objectives.
